Print and Mail Equipment Solutions

5K BY Infinity Solutions

Infinity Solutions product line continues to lead the industry with the 5K mid-range Pressure Seal folder/sealer. The 5K offers an out of the box solution without the costly add-ons of the competitive products. By leveraging Infinity Solutions' pressure seal technology, pressure seal forms are sealed as they are folded reducing operational costs and improving productivity. The 5K offers quick setup and quiet operation. Standard features include: document processing up to 8,000 documents per hour, a manual and batch counter, bottom feed technology for continuous operation, an integrated conveyor, and fold plates capable of processing 11" and 14" forms.

This remarkable unit offers five standard fold patterns (Z, EZ, C, EC, and V), custom folds, and forms up to 14" in length.

Performance under pressure - often copied never duplicated.

ProDoc System is proud to present the Infinity Solutions Pressure seal folder/sealer product line. All of our folder/sealers are manufactured in the USA!

Included conveyor back stop not shown

Pressure Seal Folder Sealers

The Infinity Solutions 5k pressure seal unit is an integrated folder/sealer with a processing throughput of up to 8,000 documents per hour with a recommended duty cycle of up to 60,000 documents per month. It is capable of folding perforated pressure seal mailers from 20lb to 80lb stock. Allowing for all the standard fold patterns in addition to custom folds for 11" & 14" forms.
